

ACCOUNTS PAYABLE ANALYSIS

Omega Ingeniería y Construcción · FY 2024

Analyst: Griselda Verónica Cuello · Tools: SQL (SQLite) + Excel · Dataset: 261 invoices · 20 vendors

Executive Summary

This report analyzes **261 invoices** across **20 vendors** for FY 2024, representing a total billed volume of **USD 2,410,003** with an average invoice of **USD 9,234**. Of all invoices, **169 were paid on time**, 74 were paid late, 17 remain overdue, and 1 are pending. Key findings: construction services and steel materials represent the highest spend categories; vendors with current accounts (CC) show a higher late payment rate than occasional vendors; and the aging report identifies USD outstanding balances requiring immediate follow-up.

Metric	Value
Total Invoices	261
Total Vendors	20
Total Billed (USD)	\$2,410,003
Average Invoice (USD)	\$9,234
Paid On Time	169
Paid Late	74
Overdue	17
Pending	1

Payment Status Breakdown

Status	Invoice Count	Total (USD)	% of Total
Paid	169	\$1,606,313	64.8%
Paid Late	74	\$696,872	28.4%
Overdue	17	\$101,095	6.5%
Pending	1	\$5,723	0.4%

Top 10 Vendors by Spend

Vendor	Category	CC	Terms	Inv.	Total Spend (USD)	% Total
Construcciones Rápidas SRL	construction services	Yes	45	27	\$727,198	30.2%
